

Downtown Nashua NH welcomes The Northeast ARC Users Group

The Downtown Nashua of today, with its unique shopping and dining experiences and charming commercial buildings, is the outgrowth of nearly 200 years of commercial and retail metamorphosis.

Known as the Gateway City, Nashua borders the state of Massachusetts and is just one hour from Boston. Once a bustling fur trading post, Nashua is now a trendy center that offers historical, recreational and shopping adventures. Landmarks are plentiful in Nashua, and the John F. Kennedy Bronze Sculpture attracts many, as it is located where the former President gave his first official campaign speech in 1960 in front of Nashua's historic City Hall.

Downtown Nashua is host to many quaint boutiques as well as award-winning restaurants. The following restaurants are open on Mondays...
